### Activities abroad in season 2017 - participation on Euro Micro/ World cup

Michal Kelemen (Vampire): Euro Micro - Poland (4.), World cup - France (17.)

We have successfully organised 5 regattas in Slovakia in 2017. 8 Slovak boats in total participated. Three Polish boats competed in the Euro Micro Slovakia cup. We are expecting one more boat to join the Slovak fleet in 2018. The class brings interest among young sailors, so the number of boats is expected to grow in the future. To support this growth, we are going to organise a training and recruitment camp during the first race in the following season. The preparations for the WC 2019 have already started as well. The Euro Micro 18 will take place at the very same marina as WC 19, so all sailors are welcome to come to get to know the lake and test the conditions.

### Planned Micro Cups in Slovakia for 2018:

Period	Name of regatta	Organisator - club	Organisator - person	Name of the lake
5.-8.5.2018	Micro Cup 1 (+ training before season)	TJ Slnava Piestany	Miroslav Fedor	Kralova
