

**INTERNATIONAL MICRO
CUPPER CLASS ASSOCIATION**

**GENERAL ASSEMBLY 2021
JULY 24 th 2021
MARTIGUES FRANCE**

REPORT

Participating Countries: **France, Germany, Italy, Poland, Russia.**

Represented by:

On site : Philippe Bernaben (IMCCA President), Manfred Bauendahl (IMCCA Measurer)
Francis Marx (GER), Regis Mitonneau (FRA)

Through Skype: Marco D'Alban (ITA), Piotr Tarnaki (POL), Dmitry Dyachenko (RUS), Mikail Savin (RUS)

IMCCA President Philippe Benaben thanks all presents to have joined the call and open the GA at 14.00 pm

President Report;

Covid 19 sanitary crisis continue to dramatically reduce our activity.

As today only Italian Euro Micro regatta has been done in June.

We had to downsize 2021 Micro World Championship to a European Regatta.

We hope that in September Micro regatta planned will happened.

Next Year 2022 Micro WC planned in Italy 23/30 July 2022 will be officially confirmed to World Sailing.

2023 Micro WC to be in Russia /Pskov; Micro Class Russia to confirm that event(see presentation attached)

2024Micro WC: Germany is working on a project of Micro WC near Nuremberg, has to be confirmed later.

IMCCA Board

President, secretary, treasurer positions are vacant.

No candidate declared before or during the meeting.

This is a real risk for the class. Today, relations with World Sailing are good, but this will not continue without a board. This issue was not solved during the meeting

Other matter raised by Italy

ITA raised the question to define a new division for old cruisers. This system has been experimented with success in France (Origin division). ITA and FRA will work together to define a common approach. And this can be generalized after at IMCCA level.

This is an opportunity to have more boats in the regattas, propose a more affordable practice and it's also a good circular economy and environmental reduction of our footprint.

Technical Committee update / Manfred Bauendahl (see report attached)

Financial update; Report done by JL Hayes

On the 31 st of December 2020 the IMCCA account was showing balance of 4005.90 €
